

Graduate Assistantship for 2019-2020

Survey Research Focus

The Kem C. Gardner Policy Institute invites applications for a survey research and community engagement graduate assistant position for the 2019-2020 school year. The position is open to graduate students from departments and programs within the College of Social and Behavioral Science.

The graduate assistant will work on survey research, including online surveys, in-person surveys, telephone surveys and community engagement research such as focus groups and deliberative engagement.

The position requires a 20-hour per week commitment during Fall 2019 and Spring 2020 semesters. Compensation will be \$16,000 (\$8,000/semester) and up to a 100% tuition waiver. The tuition waiver does not cover special fees nor does it cover differential tuition. Other limitations may apply and we encourage students to discuss those with their advisor.

The graduate assistant must be enrolled full-time (9-12 credit hours) for both semesters in a graduate degree program within the College of Social and Behavioral Science. An excellent academic record and an interest in survey and qualitative research methods are desired. Graduate Assistants must maintain a GPA of 3.0 or higher during the 2019-2020 academic year.

Applicants may be interviewed. The applicant selected will be notified in mid-April 2019. If you have any questions about the graduate assistantship, please contact Dianne Meppen, director of survey research, at 801-587-7807 or dianne.meppen@utah.edu.

To apply, please submit the application, a resume, and a short writing sample (2-5 pages) by March 26, 2019 before 5:00 pm to:

Ms. Colleen Larson, administrative manager
colleen.larson@utah.edu
